
9. Vendor Requirements

9.1 Availability to CEC

All ACM vendors are required to submit at least one version of the ACM to the California Energy Commission. An updated copy or access to the approved version of the ACM must be kept by the CEC to maintain approval for compliance usage of the ACM. The CEC agrees not to duplicate the ACM except for the purpose of analyzing it, for verifying building compliance with the ACM, or to verify that only approved versions of the ACM are used for compliance.

9.2 Building Department Support

ACM vendors must provide a copy of the ACM Compliance Supplement to all local building enforcement agencies who request one in writing.

9.3 User Support

It is expected that ACM vendors will offer support to their users with regard to the use of the ACM for compliance purposes. Vendors may charge a fee for user support.

9.4 ACM Vendor Demonstration

The CEC may request ACM vendors to physically demonstrate their program's capabilities. One or more demonstrations may be requested before approval is granted.
